Has launched on the consumer market world's first germinated hemp seed products (www.germinatedhemp.eu)

Has launched CBDepot.eu project in 2014 with aim to provide legal and quality Cannabidiol-enriched products for industrial and end-consumer use.

Member of:

European Industrial Hemp Association: www.eiha.org - Board of Directors

Canadian Hemp Trade Alliance: www.hemptrade.ca

International Hemp Building Association: www.internationalhempbuilding.org

2) Topic: *From Farm to End Products - Cultivars, Harvest, Yields, Extraction*

Joscha Krauss

General Manager of MH Medical hemp GmbH

Education:

Technische Universität München, as BS in Forest Science

University of Natural Resources and Life Sciences, Vienna (BOKU), as Master of Science (MSc)
in Wildlife ecology

3) Topic: *Patient Focused Certification - Standards for safe cannabis production*

Hana Gabrielova

CEO, Hempoint

Education:

Hana graduated from the Faculty of Agriculture, University of South Bohemia in 1999 where she wrote her thesis on cultivation and use of hemp in the Czech Republic.

Experience:

In 2005 she was accredited by the Czech Ministry of Agriculture as an adviser specializing in organic farming and cultivation of energy plants with a specialization in hemp.

She has been an active member since 2000 of Konopa, an NGO that educates the public and professionals about the potential of hemp.

From 2011-13 she was a member of the Steering Committee of international organization ENCOD and is a member of the Committee on Petitions for medical cannabis in the Czech country.

She founded Hempoint Ltd. in 2010, focusing on growing organic hemp mainly for flowers and seed production, and making Hempoint branded products for the hemp wholesale and retail markets.

Beginning in 2016, she has focused on Patient Focused Certification (PFC) standards for cannabis growing with the International Cannabis and Cannabinoids Institute (ICCI).
